

PAEDIATRICS SKILLS CHECKLIST

- 3 = Frequent experience, performs well**
- 2 = Intermittent experience, may need minimal review**
- 1 = Familiar with, need review**
- 0 = Theory/No practice**

NEUROLOGY	3	2	1	0	CARDIOVASCULAR	3	2	1	0
Assessment of LOC					Assessment of Heart Sounds				
Assessment of Pupil Size and Response					Assessment of Apical/Peripheral Pulses				
Assessment of Fontanel					Place Patient on Monitor				
Assist With Lumbar Puncture					Obtain 12 Lead EKG				
Monitoring Intracranial Pressure					Identify Arrhythmias				
Maintain A Neutral Thermal Environment					Use of Doppler				
Care of Patient With Seizures					Use of Dynamap				
Care of Patient With Meningitis					ECMO				
Care of Patient With Reyes Syndrome					Defibrillation (Cardioversion)				
Care of Patient With Acute Head Injury					Care of Patient With PDA				
Care of Patient With Hydrocephalus					Care of Patient With CHF				
Care of Patient With V-P Shunt					Care of Patient With DIC				
Care of Patient Post Craniotomy					Care of Patient With Cyanotic Heart Disease				
Care of Patient With Spina Bifida					Care of Patient With Acyanotic Heart Disease				
RESPIRATORY	3	2	1	0	GASTROINTESTINAL	3	2	1	0
Assessment of Breath Sounds					Care of Patient With Pre/Post Cardiac Surgery				
Interpretation of ABG's					Care of Patient in Hypovolemic Shock				
Identify Rales, Rhonchi, Flaring, Retractions					Care of Patient in Septic Shock				
Set-Up/Assist With Chest Tube Insertion					Care of Patient in Cardiogenic Shock				
Maintenance of Chest Tube									
O2 Administration (NC, Oxyhood, Face Mask)					Assessment of GI Functioning				
Assist With Intubation					Insertion/Maintenance NG Tubes				
Care of Patient On Ventilator					Stool Tests				
Weaning Off Ventilator					Administration of Tube Feedings				
Oral, Nasal, and ET Suctioning					Phototherapy				
Care of Tracheostomy					Care of Patient In Dehydration				
Chest Physiotherapy					Care of Patient With Chrons Disease				
Oximeter					Care of Patient With Tracheoesophageal Fistula				
Apnea Monitor					Care of Patient With Necrotizing Enterocolitis				
Ventilation With Ambu Bag					Care of Patient With Gastroschisis				
Care of Patient With Respiratory Distress Syndrome					Care of Patient With Multiple Abdominal Trauma				
Care of Patient With Broncho-Pulmonary Dysplasia					Care of Patient With Ruptured Spleen				
Care of Patient With Croup					Care of Patient With Colostomy/ Ileostomy				
GENITOURINARY/RENAL/ENDOCRINE	3	2	1	0	GENITOURINARY/RENAL/ENDOCRINE	3	2	1	0
Care of Patient With Asthma					Assessment of Genitourinary Functioning				
Care of Patient With Epiglottitis					Assessment of Renal Functioning				
Care of Patient With Pneumonia					Assessment of Endocrine Functioning				
Care of Patient With Cystic Fibrosis					Insertion Foley Catheter				
Care of Patient With Bronchitis					Test Urine for SG,pH, Glucose				
Care of Patient With Near Drowning					Peritoneal Dialysis				

GENITOURINARY/RENAL/ENDOCRINE	3	2	1	MEDICATIONS/IV THERAPY	3	2	1
Monitor Blood Glucose Levels				Insert IV			
Care of Patient With Diabetic Emergency				Maintain IV			
Care of Patient With Urinary Diversion				Calculate Rate			
Care of Patient Pre/Post Nephrectomy				IV Pump			
Care of Patient Pre/Post Genitourinary Surgery				Central Venous Lines			
ORTHOPAEDIC	3	2	1	Administration of IV Drips (Insulin, Dopamine, Aminophylline, etc.)			
Assessment of Circulation				Administration of Oral Medication			
Application/Assist With Devices (Splints, Braces, Casts, etc.)				Administration of Rectal Medication			
Use of Stryker Frame				Administration of IM Medication			
Use of Circo-Electric Bed				Administration of Eye Medication			
Skeletal Traction				Administration of Ear Medication			
Skin Traction				Administration of TPN/Hyperal			
Body Cast				Administration of Lipids			
Care of Patient With Multiple Fractures				Administration of Blood/Blood Products			
Care of Patient With Arthritis				Administration of Chemotherapy			
Care of Patient Pre/Post Orthopaedic Surgery				OTHER	3	2	1
PROCEDURES/EQUIPMENT	3	2	1	Identify/Report Suspected Child Abuse			
Preparation of Emergency Drugs				Care of Overdosed Patient			
Administration of Emergency Drugs				Care of Near Drowning Patient			
CPR				Care of Patient With Leukemia			
Knowledge of Lab Values				Care of Patient With Anaemia			
Fluid Resuscitation				Care of Patient With Sickle Cell Disease			
Pain Management				Care of Patient With Hemophilia			
Assist With Bone Marrow Aspiration				Care of Patient With AIDS			
Collection of Specimens				Care of Patient With Failure to Thrive			
Wound Care				Care of Patient With Cleft Lip/Palate			
Dressing Changes				Care of Patient With Terminal Illness			
Universal Precautions				Care of Burned Patient			
Application of Restraints				Care of the Patient With Ingestion of Poison			
Weights							
Patient/Family Teaching							

EQUIPMENT EXPERIENCE:

Please list all brands of equipment you have used in the following categories:

Ventilators: _____

Cardiac Monitors: _____

Infusion Pumps: _____

Other Monitors (Apnea, IV, etc.): _____

ADDITIONAL SKILLS

(Please list any additional experience or skills you may have that are not included above:

SIGNATURE: _____ **DATE:** _____
